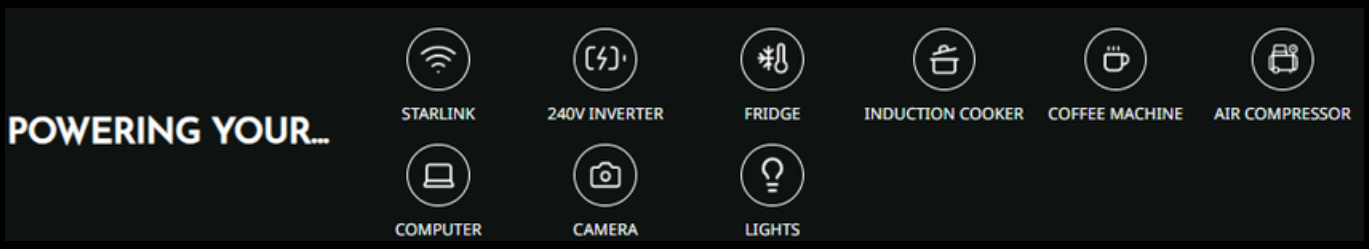
customLITHIUM

CARAVAN & RV LITHIUM BATTERY 560AH

TECH SPECS & SIZE

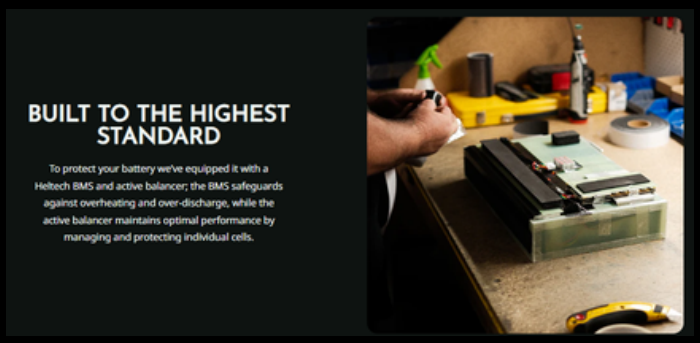
CAPACITY: 560AH
CONSTANT DISCHARGE: Continuous 380AMPs
PEAK DISCHARGE: 1200A - 1600AMP Protection
RECOMMENDED CHARGE: 130AMP
DIMENSIONS: 408 x 310 x 262
DIMENSIONS - (Overall): 458mm L x 310mm W x 262mm H
WEIGHT (KG): 47kg
OPERATING TEMP: 0°C – 65°C
TERMINALS: M10 terminals
CHARGE VOLTAGE: 14.2v – 14.6v
ABSORPTION/FLOAT: 13.4v – 13.6v
CUT OFF VOLTAGE: 10.5v
NOMINAL VOLTAGE: 12.8V

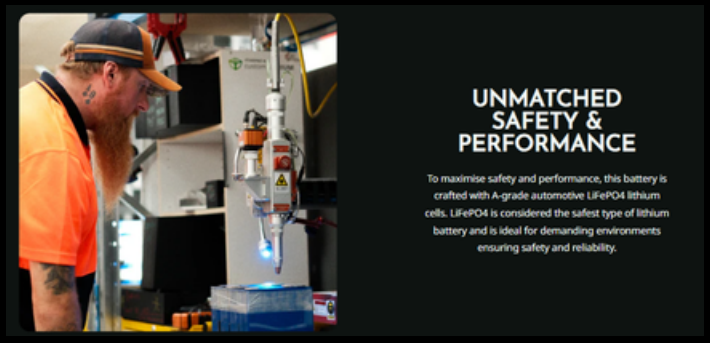


Power your setup with our 400Ah Caravan & RV Lithium Battery, engineered for RV and caravan owners who demand uncompromising performance, safety, and reliability. Designed to deliver serious power in a lightweight, space-saving form factor, this battery redefines compact energy storage for life on the road.

Whether you're running air conditioning, an induction cooker, fridge, coffee machine, tools, or Starlink, our RV range delivers consistent, high-performance power, so you can enjoy the comforts of home, even in the most remote locations.

Key Features

- Compact Design: This battery fits seamlessly into tight spaces, making it ideal for caravans, motorhomes, 4x4's and off-grid living.
- Unmatched Safety & Performance: Built with premium, A-grade automotive cells.
- Inbuilt Protection: Equipped with a modified Heltech BMS and active balancer; the BMS safeguards against overheating, over-discharge and low-temperature cut-off.
- Australian Made: Certified Australian Made, our batteries are built in Brisbane and meet the highest standard of craftsmanship.




**Please Note - Installations are recommended to be completed by a qualified auto electrician. Dimensions shown in images are indicative only. Please refer to the Tech Spec sheet for measurements.*
